

# WHO Chemical Risk Assessment Network

## Webinar 1

### Training Opportunities in Human Health Risk Assessment of Chemicals

**DATE:** Wednesday, 16 October 2019

**START TIME:** 1:30 p.m.-3:30 p.m. CEST  
(UTC+02:00)

**DURATION:** 120 minutes

Different types of available training courses in chemical risk assessment are presented including Master's programmes and other academic courses, Continuing Education Courses for practitioners, and web-based training provided by universities, authorities, organisations. Quality requirements for the provision of training are being addressed. The new *RiskTrain* database of training courses will be demonstrated and quality standards for providing training are being discussed.

#### Programme

- **Introduction** – *Kersten Gutschmidt, WHO*
- **WHO Network Community of Trainers (CoT) for Human Health Risk Assessment** – *Johanna Zilliacus, Karolinska Institutet, Sweden*
- **Types of Training and Training Providers** – *Johanna Zilliacus, Karolinska Institutet, Sweden*
- **RiskTrain Database of Training Courses** – *Daam Settachan, Chulabhorn Research Institute, Thailand*
- **Discussion**

## Webinar 2

### Basic Training in Health Risk Assessment

**DATE:** Wednesday, 27 November 2019

**START TIME:** 1:30 p.m.-3:30 p.m. CET  
(UTC+01:00)

**DURATION:** 120 minutes

Examples of introductory training courses in chemical risk assessment are introduced, including learning outcomes, content, learning activities, examinations, training material, case studies.

#### Programme

- **Introduction** – *Kersten Gutschmidt, WHO*
- **Introductory Training Courses in Health Risk Assessment at Karolinska Institute** – *Anna Beronius, Karolinska Institute, Sweden*
- **Course in Risk Assessment, Regulatory Toxicology at Medical University Vienna, Austria** – *Wolfgang Huber, Medical University Vienna, Austria*
- **Course in Risk Assessment at the Postgraduate Education in Toxicology (PET) in Netherlands** – *Hans Bouwmeester, Wageningen University and Research, Netherlands*
- **EU-FORA Course in Chemical Risk Assessment** – *Elke Rauscher-Gabernig, Austrian Agency for Health and Food Safety, Austria*
- **Discussion**
